Jack Decker

N2470 Chapel Hill Drive, Greenville, Wisconsin 54942
(920) – 915 – 9329
JackDecker65@gmail.com

A very dependable and trustworthy college student from UW-Stout interested in learning more about computers and programming. Skilled in working independently or in a team. Looking to develop my skills in computer science and start my career in game design. Also looking for summer work between semesters.

WORK EXPERIENCE

Hortonville High School IT Intern   **June 2022 - August 2022 and June 2023 - August 2023**

- I worked as an intern for Hortonville High School's Information Technology Department. As part of this job, I assisted in imaging the schools' computers, set up student and staff computers, solved problems related to hardware and software, and managed tickets sent to the IT department.

UW Stout Office Assistant   **November 2023 - May 2024 and September 2024 - December 2024**

- I worked as an office assistant for staff and professors. I helped with restocking office and classroom supplies, assisted with grading assignments, organized the computer inventory for the biology and physics department, put up and take down signs around the building I worked in, and interacted with any staff or students that needed help from the department.
